EXPERIENCES

UX Designer

Netskope, Sep 2016 – Present

- Design for the next gen cloud security SaaS product. Led a major design revamp with improved end user experience. Created and maintaining Netskope Design System.
- Participate in full design lifecycle from concept exploration to design specification. Shipped 30+ features/projects, including service dashboard, security policy, inventory reporting, etc.
- Collaborate with Engineering, Product Management, Customer Success, and Marketing to deliver ease-to-use enterprise UX.

User Experience Designer

Wolfram Research, Jun 2015 – Sep 2016

- Responsible for designing Wolfram Cloud and Desktop products. Conducted heuristic evaluation, competitive analysis and usability test to identify design problems.
- Collaborated with project managers, business analysts and visual designers.

Interaction Design Intern

Advanced Visualization Lab (UITS), Jun 2014 – Aug 2014

- Used Processing to create data visualization and infographics for Indiana University Information Technology Services (UITS).
- Designed kiosk UI and spherical graphics for NOAA Science on Sphere displays both in campus and UITS.

User Experience Design Intern

Foreign Language Teaching and Research Press, Sep 2012 – Mar 2013

- Digitized print books into tablet apps, designed user interface and conducted usability test for each app. Two of the designed apps got 1000+ downloads on Appstore.

EDUCATION

M.S., Human Computer Interaction

Indiana University
Bloomington

Class of 2015

B.A., Communications

University of International
Relations

Class of 2013

SKILLS & TOOLS

Contextual Inquiry
Card Sorting
Usability Testing
Survey/Interview
Storyboarding
Persona & Scenario
User Journey Map
Design System
Adobe Creative Cloud
Axure RP
Sketch 3
Principle
Origami
Invision
Omnigraffle
HTML/CSS
JavaScript

I learn often & fast.
